### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with James McKeown on 3 February 2005.

3. The application has been amended as follows.

#### In the Abstract

In line 2 change "One of the handles" to --One handle--.

In line 3 delete the phrase starting with "typically" and ending with "wrench".

In lines 4-5 delete the phrase starting with "which" and ending with "thereof".

In lines 6-8 delete the phrase starting with "through" and ending with "conditions".

In lines 12-15 delete the last two sentences of the abstract.

#### In the claims

In claim 5, line 3, change "lest" to --least--.

In claim 14, line 3, change "lest" to --least--.

These changes were necessary to make the abstract short enough to conform to agency rules and to correct minor typographical errors in the claims.

***Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance. While Dickens (U.S. Patent 6,705,183) discloses two cylindrical handles and the extendable shaft, Hawkins et al. (U.S. Patent 6,112,351) discloses two handles accommodating tools including hex wrenches and Shuster (U.S. Patent 4,480,295) discloses the plurality of lights, no motivation exists to combine these references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Lee (U.S. Patent 6,276,014) discloses a tool coupler/knife combination.
